Wells Mountain Initiative

Wells Mountain Scholarship Program Gifting Opportunities

The WMI scholarship program began in 2005 with one female student in Ghana. Twelve years later, we have witnessed the graduation of 145 students from 30 developing countries! It is with your help that we currently support over 155 students. We are very thankful for your interest in providing the gift of higher education and mentorship through this program!

Education is a gift that reaches far beyond the individual. We are changing communities worldwide.

☐ **General Donation to the WMI scholarship program:** Your donation enables new and current WMI Scholars to continue their studies with bi-annual scholarship installments and helps to fund in-country, student-led initiatives and gatherings. Your donation goes toward our carefully selected students with our team of volunteer reviewers choosing the best and most qualified students.

☐ **Targeted Sponsorship:** Do you feel strongly about the support of women, scientists, doctors, veterinarians, teachers, citizens of South Sudan, Latin American countries, orphans, etc.? Here is your chance to make a targeted sponsorship to a qualified applicant within your criteria. I would like my funding to support: _____

☐ **Almost Made It:** There are always 10-15 stellar applicants who fall just short of being selected through the traditional review process. These 10-15 applicants have passed through three stages of review and continue to rank very high. Between July 20-July 30 we will send their applications to you. If one speaks to you, we welcome your sponsorship of this particular student. We will tell this student that they have received the support of an individual donor and we encourage you to develop a special relationship with him or her. All academic, community service reports, grades, and photos will be shared with you. Their name will be announced with all new WMI Scholars on August 1. *We request your commitment be for all years of their education (dependent on applicant: 1-6 years).*
